

43 Inch Digital Portable Movable LCD Display Kiosk

SKU:

EAN:

FEATUES

● Environmental monitoring system

Display battery surface temperature and fan speed precise heat dissipation control, battery high temperature power off function. GPR positioning system (optional), Using GPR positioning system, mobile alarm and environmental monitoring software are always displayed. Rainproof And Dustproof. The screen is designed with IP65 protection level, which can keep rainwater and debris, dust and other particles in the air.

● Intelligent Split Screen

Multiple split screen mode, pictures and videos can be played simultaneous. High Brightness IPS Screen, High-brightness LCD panels are more than three times brighter than home TVs, making them ideal for display in outdoor commercial spaces.

● Long Operation Time

Outdoor lithium iron phosphate battery has better lifespan, higher temperature resistance, and high safety factor, it can work continuously for 15 hours.

● Casters Portable Design

Foldable design and special casters are installed, which can be operated flexibly by one person, saving time and effort.

● Plug And Play

Insert the U disk, it can automatically identify the file, automatically loop playback, and also customize the playback plan, seamlessly switching

● Remote Management

Mobile phones and computers can be released with one click at any time to realize unified management of different regions and different devices. Adopt high temperature resistant LCD screen above 100C, fully laminating technical solution imported from Germany with water glue.

SPECIFICATION

LCD screen

Resolution	1920x1080(FHD)
Visible area (mm)	940.896(H)x 529.254(V)
Display Ratio	16:9
Brightness (cd/m2)	1500cd/m2
Color depth	16.7M
Viewing angle	178°
Contrast	4000:1

Host

Multimedia format	Video (MPG, AVI, MP4, RM, RMVB, TS), Audio (MP3, WMA), Image(JPG, GIF, BMP, PNG)
CPU	RK3288
RAM	2GB DDR4
ROM	8GB NAND
USB	USB2.0 HOST (x2)
LAN	10/100M Ethernet
Wi-Fi	802.11b/g/n
Operating system	Android 5.1
Trumpet	8Ω 5W x2
Battery	
battery technology	Using outdoor lithium iron phosphate battery, it has better lifespan, higher temperature resistance and higher safety factor than ternary battery.
charging time	10 hours
battery life	15 hours
battery capacity	62000mAh
Voltage	24V
power	108W
efficiency	1058.54Wh
whole machine	
Product Dimensions (WxHxD mm)	1244mmx614mmx190mm
working environment	
Storage temperature	-30°C to 80°C
High temperature resistance up to 105°C	
operating temperature	-20°C to 70°C
Operating humidity	10% to 80%
Storage humidity	5% to 95%
Spare parts	
Include	Remote control, instruction manual, charger and charging cable
Warranty	
Warranty time	1 year warranty
Battery Warranty	1 year warranty
Technical Support	lifelong
