Digital Signage Touch Screens

SKU: Touch Screen

Edis

FEATUES

The Edis Digital Signage Touch Screens is a Crystal clear, anti-glare, interactive touch screens designed for the classroom with Two Touch Workbook teacher friendly classroom software, built-in 30 Watt amplifier and speakers for classroom use and a wall mount bracket also available with built-in PC option.Edis Touch screens use the stable, well proven and robust IR touch technology that has been around for many years and used in the design of several Interactive Whiteboards.Edis Touch screens use very high quality LCD panels with no full pixel errors and a maximum of 5 sub-pixel errors including bright and dark errors which exceeds the ISO Class 2 requirements with most panels better than Class 1.Multi-touch touchscreen works with Windows XP, Vista or Win 7.Shell material : Attractive contoured aluminium magnesium alloy surround with ABS back for good looks and robustness.Supplied with a wall mount for mounting the touch screen on a wall which can also be fitted to Edis Digital Display Stand or Edis electric flat screen lift.The multi-touch touch screen technology from Edis is now a lower cost to purchase than a projector and interactive whiteboard and a staggering 80% lower cost over the lifetime of the product when maintenance and replacement lamps are taken into account.Edis Touch Screens are very fast and easy to install so reducing the cost of an interactive classroom installation, there is very limited cabling, a simple "key slot" wall mount fixing so that several classroom installs can be completed in a day without the "hassle" involved in setting up a projector and installing an interactive whiteboard.

TECHNICAL DETAILS

LCD	with 2, 4 or 6 point multi touch interactive screen technology
Size	42", 55", 60" 65" 70" or 82"
Full HD display	SXGA 1080p
Resolution	1920x1080
Digital Noise Reduction	2D&3D digital noise reduction
Anti-glare tempered glass	4mm
Aspect ratio	16:9
Response time	<5ms
Contrast ratio	> 5,000:1

ACCESSORY PACK INCLUDES

Remote control with batteries	Software and CD with plugins
UK and Euro mains plug	1.8m long
VGA cable	5m
USB cable	5m
Audio Cable with 3.5 mini jack 5m	USB to RJ45 extension balun
Wall mount	2x Stylus pens
Dimensions	800x1330x130mm (hxwxd)
Viewing area	680x1209mm (hxw)
Rear mounting hole spacing	754x501mm

Viewing Angle	178°

Nett Weight	52kg
Gross weight	70 Kg

SPECIFICATIONS

Video input	1xVGA, 2xHDMI, 1x YPbPr (component video), 1x S-Video, RCA composite video,TV aerial input
input for media player	USB
Video outpu	1xVGA
Audio input	3.5mm mini jack, 2x RCA
Audio output	3.5mm mini jack, 2x RCA
30 Watt Classroom amplifier	built-in with 2x 15w speakers
TV card PAL	NTSC/SECAM
Pens	(used where better definition than finger touch is required)
workbook50 Two Touch Workbook Interactive classroom software	(included)
Snowflake software	(option)

PC SPECIFICATION

Windows 7	64 bit Professional OEM
CPU	IntelE5700 3.0GHz
2Gb DDR memory	350Gb SATA HDD
6 in 1 card reader	Blu-ray DVD ROM
RS-232	HDMI output
VGA output	DVI-D output
LAN x 2	Wireless 802.11 b/g/n
USB x 5	Audio output x 1; Microphone input x 1
