

EC154 Bluetooth Speaker Phone

SKU: 0200133

FEATURES

The Edis EC154 Bluetooth Speaker Phone is a Using Bluetooth 5.0 technology Compared with the previous generation technology, the transmission rate is increased by 2 times, the transmission distance is increased by 4 times, and the wireless Bluetooth streaming media can be better transmitted with high quality audio between mobile phone/tablet device wirelessly. Support reverse charging, support mobile phones and other devices through USB power emergency, reverse charging, multiple circuit protection, energy at your fingertips.Plug and play.Portable USB omnidirectional microphone SpeakerPhone can connect computer and mobile phone quickly through Bluetooth or USB, simple and convenient, plug and play. Microphone array, built-in four microphone array, 360° omnidirectional sound pickup, full duplex audio technology, can better long-distance sound pickup call, more accurate sound discrimination, intelligent noise reduction, automatic gain, echo elimination.High capacity battery.Built-in 6500mAh large capacity battery, continuous energy, full of vitality at any time, lasting, prolonged, wonderful day. Striped RGB indicator light, a variety of color collocation, so that users can easily identify the current product power, volume, call, mute and other working status, convenient and simple operation.Convenient to carry Compact and exquisite, easy to fit into the pocket, easy to carry. Application scenario: business person's personal office, small conference room, travel carry, etc.

MICROPHONE

Type	Omnidirectional microphone
Array	Built-in four omnidirectional microphones to form a circular array, 360° omnidirectional sound pickup
Pick up from	Effective sound pickup distance is 3 meters
Frequency response	100Hz~8kHz
SNR	65dB

SPEAKER

Type	Full frequency loudspeaker
Sensitivity	88dB SPL at 0.5m
Power	Maximum output power: 5W; Effective power: 3W
Frequency range	Talking mode: 150Hz~8kHz; Music mode: 20H
Volume	84dBA(1m distance)

AUDIO FREQUENCY

Features 32K sampling rate, HD broadband audio, full duplex voice

SPECIFICATIONS

Battery Battery Specification: 6500mah;
Full charge time: 4 hours (5v/2a);
Maximum charging current: 2A;

USB protocol	Support uac1.0
Echo cancellation	support
Noise suppression	support
Gain control	Support

	Theoretical call duration: 24 hours
Size (length x width x height)	124mm*124mm*32mm(bare pager)
Weight	0.34KG
Working temperature	0°C~40° C
Storage temperature	-40°C~60°C

INTERFACE

Wireless Built in Bluetooth data communication;
Support standard protocols such as AVRCP, AVRCP, A2DP, HFP and SBC codec

USB USB data communication, audio input / call

Audio frequency AUX output, connect the speaker with 3.5mm audio cable to play music

Power Supply Power Supply

Input: USB type-C interface, and the external power supply supplies power to M300 device through USB type-C interface;
