

Mini Wireless Mic

SKU: 0111026

EAN:

FEATUES

● Plug and play

Automatic pairing, get rid of the bondage, no cumbersome operation, plug in the receiver can be automatically connected, can be used for network broadcast, video recording, live online class, interview recording and other scenarios.

● The sound quality is clearer

Built-in DSP noise reduction chip, anti-interference, effective identification of acoustic.

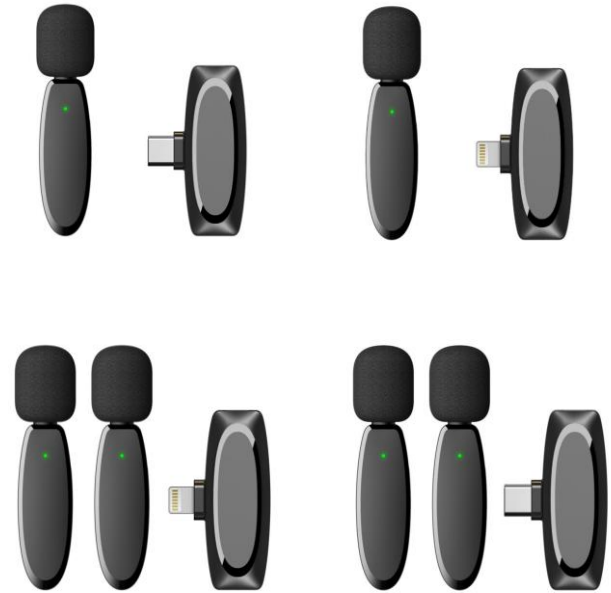

● Small and portable

Mini design, a single transmitter/receiver weighs only 2.5g, comes with a charging plug, recording can charge the phone at the same time.

● 20 meters wireless transmission

High performance wireless microphone technology, signal stability, up to 20 meters wireless receiving distance.

Through wireless connection to the microphone, real-time radio zero delay, wireless free connection.

SPECIFICATION

	1 x mic Type-C	2 x mic Type-C	1 x mic Lightning	2 x mic Lightning
Frequency	2.4 GHz	2.4 GHz	2.4 GHz	2.4 GHz
Hardware				
Charging current	about 70 mA	about 70 mA	about 70 mA	about 70 mA
Charging time	80 Min	80 Min	80 Min	80 Min
Working time	6H	6H	6H	6H
Battery				
Capacity	70mAh (button cell)	70mAh (button cell)	70mAh (button cell)	70mAh (button cell)
Mic				
Sensitivity	-26 dBFS	-26 dBFS	-26 dBFS	-26 dBFS
S/N ratio	64 dB(A)	64 dB(A)	64 dB(A)	64 dB(A)
Frequency range	20-20KHZ	20-20KHZ	20-20KHZ	20-20KHZ
Antenna	ceramic	ceramic	ceramic	ceramic
Transmission latency	28ms	28ms	28ms	28ms
Indicator light	Red/Green/Blue	Red/Green/Blue	Red/Green/Blue	Red/Green/Blue
How to charge	Type-C charging	Type-C charging	Lightning charging	Lightning charging
Unit weight	6.7 g	6.7 g	6.7 g	6.7 g
Unit size	58.7*22.8*25mm	58.7*22.8*25mm	58.7*22.8*25mm	58.7*22.8*25mm
