● Vape and Smoke detection

Fast reacting smoke detectors cover vaping and smoking in public places with local and WiFi alarm to identify location. Keep you safe, react fast, alarm immediately when smoke is detected, professional fire warning, smoke alarm is suitable for public no smoking areas like school toilets, homes, hotels, office buildings, factories, warehouses, etc

● Audible and visual alarm

High sound alarm of more than 85dB at 3m is enough to wake you up when danger strikes and to warn those vaping or smoking to stop.

● Ultra-thin, refined, stylish look, easy to install using screws and plastic expansion in the accessory kit for simple, safe installation with 10 year battery life.

● Install smoke alarm, do not worry about sleeping, when the indoor smoke concentration exceeds the standard, it will automatically alarm, reduce the probability of accidents and injury as well as those breaking smoking rules.

SPECIFICATION

Material	ABS material
Color	white
WiFi smoke detector size	120mm(L) 120mm(W) 31mm(H)
Battery Spec	DC 3V Lithium battery
Alarm Output	Sound & Light Alarm
Operation Current	< 10 uA (standby); <70 mA (alarm)
Alarm Volume	> 85 dB(A) at 3 meters
Alarm Sensitivity	0.09 - 0.17 dB/m
Low Battery	2.6+/-0.1V
Silence Time	approx. 10 minutes
Product G.W	206g
Battery	CR14505
Battery life	10 years
Weight	About 0. 20KG
	screw
Installation method	3M double -sided glue
Battery Life	1years
